

Engineering The Future

Humberside Engineering Training Association HETA is a rapidly expanding Group Training Association (GTA) with training centres in Hull, Stallingborough and Scunthorpe. HETA provide engineering apprentices and adult skills training for hundreds of companies in Yorkshire and Humberside.

We recruit industry specialists who want to make the career change to delivering training and skills and have a vacancy for the following post based at our training centre in Hull:

Mechanical/Process Instructor Assessor

We are looking for an experienced Mechanical engineer with some Process experience and a high level of industry experience who feels they have the right skills and attributes pass on their knowledge and experience to the next generation of engineers.

This position is based at the HETA training centre in Hull and entails delivering high quality apprenticeship and commercial training for our client companies. The role will predominantly involve the training of Process Operation apprentices at the HETA site and also monitoring their progress in their company.

The successful applicant must have experience in:

- Plant and process operations
- Mechanical maintenance
- High energy safe isolation
- Mechanical joint integrity
- Health & Safety practices and procedures.

A working knowledge of hydraulics and pneumatics is desirable but not essential.

The successful applicant also needs:

- A minimum of Level 3 Engineering qualification
- Good interpersonal and computer skills
- Full Driving licence

Whilst assessor and teaching qualifications are desirable, they are not essential as full support will be given in the development of necessary skills.

In return we offer a competitive salary for the skills sector, company pension scheme, private health care, performance related pay and 30 days leave per year.

HETA is committed to safeguarding our learners and successful applicants will be required to undertake a Disclosure and Barring Service check, and to register on a suitable instructor/teacher training programme.

To apply for the above position please download an application form from the Career Opportunities page on the HETA website. If you require further information please contact Matt Gardner matthew.gardner@heta.co.uk 01482 373001 or Cathy Bourne catherine.bourne@heta.co.uk 01482 372675.
